You will never appear on the screen.

➡ Your camera will NEVER be turned on.

THIS LESSON IS ABOUT:

ADAPTING TO CHANGES IN
YOUR BUSINESS

Welcome!

- ✓ Tell us a little bit about yourself.
 - only in Spain
- ✓ Where have you lived?
- ✓ What do you do for a living?
 - software developer
- ✓ What is the relevance of this English course to your career path?
 - it could help in the future

Starting Point

- ✓ What do you think are some of the biggest changes that can occur in a business?
- ✓ Have you ever experienced a significant change in your previous job? If so, how did you handle it?

Explain these quotes:

"The greatest danger in times of turbulence is not the turbulence itself, but to act with yesterday's logic." - Peter Drucker

"If you don't like change, you will like irrelevance." - General Eric Shinseki

"Change is the law of life. And those who look only to the past or present are certain to miss the future." - John F. Kennedy

How eBay Adapted to Change

Read the text below and fill in the blanks with the correct word.

In 2015, eBay expanded its product offerings beyond secondhand goods to include new items from retailers. This move allowed eBay to better compete with other online marketplaces like Amazon and brings more customers to the platform. eBay also invested in new technology to improve the user experience, such as artificial intelligence and machine learning algorithms to personalize search results for shoppers. Between 2015 and 2018, eBay improved its mobile app and website to be more user-friendly, which attracted new users to the platform.

Invested attracted brings retain 2019 expanded compete

Read the text below and fill in the blanks with the correct word.

invested attracted brings retain 2019 expanded
competes

Reading Comprehension

Read the text below and answer the questions that follow

Case Study: Alpha Manufacturing

Alpha Manufacturing faced significant challenges in the global market, including competition and **outdated** production processes. The management team responded by **launching** a major restructuring effort that involved closing plants, consolidating operations, and **shifting** to more automated production processes. To help employees adapt to the changes, the company implemented a comprehensive training program and kept employees informed and involved in the process. As a result, Alpha Manufacturing became more efficient and competitive in the global market, leading to increased **profitability** and growth.

1. How did Alpha Manufacturing's outdated production processes impact its competitiveness in the global market?
2. What were the benefits of implementing a comprehensive training program for employees during the restructuring effort?
3. How did Alpha Manufacturing's increased competitiveness in the global market impact its profitability and growth?

Case Study: Alpha Manufacturing

Alpha Manufacturing faced significant challenges in the global market, including competition and **outdated** production processes. The management team responded by **launching** a major restructuring effort that involved closing plants, consolidating operations, and **shifting** to more automated production processes. To help employees adapt to the changes, the company implemented a comprehensive training program and kept employees informed and involved in the process. As a result, Alpha Manufacturing became more efficient and competitive in the global market, leading to increased **profitability** and growth.

- ✓ Find the meanings of the words in bold and select one to make a sentence.

Who should adapt to change in business?

In a company, everyone should be prepared to adapt to change. This includes not only the employees but also the management team and the company's stakeholders, such as shareholders and customers. In today's rapidly evolving business environment, the ability to adapt to change is critical to remaining competitive and successful. It's essential for employees to be open to new ways of doing things, and for the management team to be willing to make strategic changes in response to shifting market conditions or emerging technologies. Ultimately, a company's ability to adapt to change depends on the collective efforts of everyone involved.

Choose the correct answer

- A. Management team
- B. Stakeholders
- C. Employees
- D. Everyone involved
- E. Customers

Tips for Talking About Changes in Business

Read and match the tips with the correct explanations.

£ 1. Offer Solutions

B 2. Focus on the Positive

D 3. Use Data and Evidence

A 4. Be Clear and Direct

C 5. Be Empathetic

- a. When discussing changes in business, it is important to avoid using vague language or euphemisms, and instead use specific terms and examples to explain the changes*
- b. While changes in business can be challenging, talk about how the changes will benefit the company and its customers, and emphasize the opportunities that the changes will create.*
- c. Change can be difficult for employees, so it is important to acknowledge their concerns. Listen to their feedback and ideas, and work together to find solutions that address their concerns*
- d. When talking about changes in business, it is helpful to support your arguments. Use metrics and case studies to demonstrate the need for the changes and the potential benefits they will bring.*
- e. Instead of just talking about the changes, offer actionable steps that employees can take to adapt to the new reality. Provide training and resources to help employees develop the skills they need to succeed in the new environment*

Today we learned...

- ✓ To talk about how businesses adapt to changes.
- ✓ Discussing tips for talking about changes to workers.
- ✓ Practicing reading comprehension and new words.
- ✓ Sharing personal experiences relating to major changes at work.
