THIS LESSON IS ABOUT:

- USING PHRASAL VERBS IN CONTEXT

Before Starting

Tell us about you:

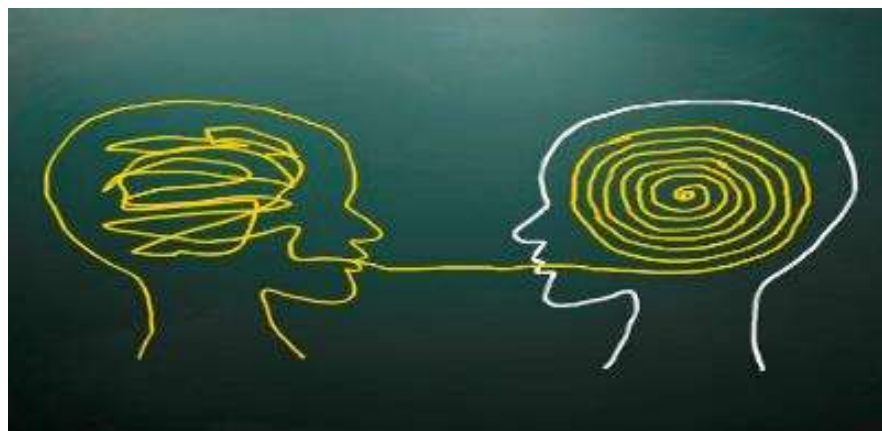

- ✓ Where do you live?
- ✓ Where do you work?
- ✓ Do you have a nickname?

In today's lesson...

We will focus on both; speaking fluency and accuracy...

Remember:

- Fluency is the flow and efficiency with which you express your ideas while speaking.
- Accuracy, on the other hand, demonstrates your ability to use the necessary vocabulary and grammar correctly.

Phrasal Verbs

Study the questions and identify the phrasal verbs, write them in the chat. Then, match the phrasal verb with its meaning.

Follow-Up Questions and Fillers

We often use **follow-up questions** when we are listening, to show that we are interested or surprised.

Example:

Q6

- *Are you going to give something up for the New Year?*
- *Yes, I think so.*
- *Why? What are you going to give up?*

The underlined phrases, are follow-up questions. The second interlocutor was very brief with their answer, and you wanted to keep the conversation going, so, you asked further details.

A **filler word** is any meaningless sound, word, or phrase used during speech to fill silence. Using filler words only occasionally is not a problem. They can indicate that you're collecting your thoughts before continuing, and that's natural speaking.

Example:

Q6

- *Are you going to give something up for the New Year?*
- *Well...yes, I think so.*
- *Um... why? What are you going to give up?*

The underlined words are two well-known fillers (filler words.)

Complete the chart with some of the uses of the filler words below.

Well...	I mean...	Um / er / uh...	Like...	Okay / so...
_____	_____	_____	_____	_____
